

KOHLER® MOBILE POWER SOLUTIONS

GENERATORS FOR COMMERCIAL AND RECREATIONAL VEHICLES.

When it comes to specialty commercial and recreational vehicles, Kohler Co. is the power and anti-idling leader. With over 85 years in the power business, we know that nothing is more important than product dependability. Every feature and technology built into our products must ultimately hold up to a rigorous battery of quality control testing. And all KOHLER® generators are backed with a comprehensive warranty.

Our range of gas and diesel generators provides you with the power to stay on the road – comfortable and confident – whether your speedometer reads 65 or 0. When it comes to service, Kohler sets the standard in the United States, and with each passing day we continue to grow stronger in our international markets, increasing our presence and our promise to give you the support you need.

DIESEL GENERATORS

Keeping size, noise, weight and emissions to a minimum, Kohler offers a solid line of diesel generators from 10 to 40 kW at 60 Hz and 9 to 33 kW at 50 Hz. Optional sound attenuated enclosures are available.

GAS GENERATORS

Available in 10-15 kW at 60 Hz, KOHLER gasoline generators offer heavy-duty power in a lightweight package. These little powerhouses are built to be quiet and compact, with minimal vibration.

Trailer powered by a KOHLER 30 kW diesel generator

MARKETS SERVED

Kohler has logged many miles over the last few decades, providing comfort, security and convenience for those whose work and life take them on the road. KOHLER gasoline and diesel generators serve the vehicle market in several applications including:

COMMERCIAL VEHICLES

- Police command vehicles
- Fire/rescue vehicles
- Race trailers
- Mobile medical vehicles
- Communication and media trucks
- Specialty utility vehicles

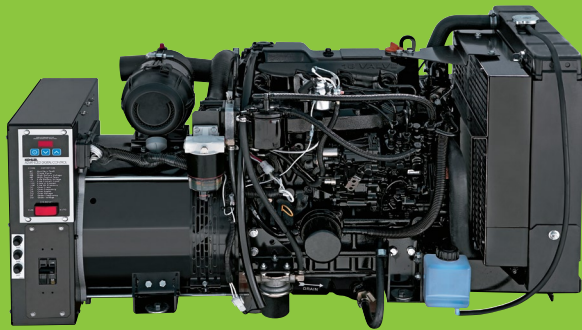

RECREATIONAL VEHICLES

- Luxury custom coaches
- Motor homes

KOHLER Auxiliary Power Units

With the increased cost in fuel and anti-idling laws, running your truck engine when you aren't driving is no longer an option. Kohler offers two unique APU solutions for the idle reduction market. The 3APU is one of the lightest and most compact APUs on the market and will quickly pay for itself in less than 12 months. The KOHLER 7APU meets more intense load demands.

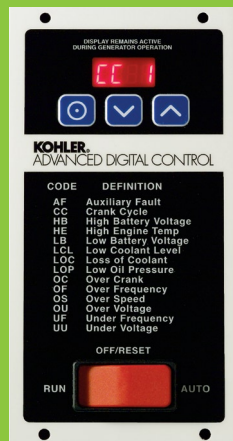

20 kW Diesel Generator
Model: 20EORDB

40 kW Diesel Generator with Optional Sound Enclosure
Model: 40EORZDB

13 kW Gasoline Generator
Model: 13ERG

Advanced Digital Control

FEATURES AND BENEFITS

RELIABLE

KOHLER® mobile generators easily handle a variety of electrical equipment and even protect valuable onboard computer equipment from voltage fluctuations.

EASY TO MAINTAIN

Single-side access makes routine maintenance checks and serviceability easy.

WORRY-FREE

For everything from low coolant to low oil pressure, KOHLER mobile generators automatically shut down to protect against costly damage.

COMPACT

Because of their small, compact size, KOHLER generators allow customers to maximize the use of their vehicle space.

SOUND-ATTENUATED ENCLOSURES

Most KOHLER diesel generators feature sound-attenuated enclosures for superior noise reduction. Gas models do not have enclosures.

EMISSIONS COMPLIANT

KOHLER mobile diesel and gas generators meet current CARB and EPA requirements and feature reduced engine noise emissions due to innovative designs in the engine block, crankcase and fuel injection pump.

ADVANCED DIGITAL CONTROL

The exclusive KOHLER Advanced Digital Control system ensures that the generator starts up smoothly and protects sensitive electronic equipment from voltage fluctuations.

The ADC also provides remote monitoring of up to 13 fault conditions through the SAE J-1939 CAN Bus output.

ADVANCING LIVING ENVIRONMENTS WORLDWIDE.

Kohler Power Systems didn't become one of the world's largest generator manufacturers by accident. We did it by dedicating every Kohler business unit to improving the places you live, work and play.

We strive to deliver products and services in ways that capture the essence of charm, good taste and generosity of spirit. And through a continued allegiance to industry-leading design and technology, a single level of quality consistently above the standard and service-minded attitudes, we believe those objectives can be met.

Right now, Kohler ideas and craftsmanship are at work making people's lives better. Our plumbing products, exquisite furniture, engines and generators, hospitality and real estate are at the forefront of more gracious living.
